Communication Chart

At this time...	When I do this...	We think it means...	What we do...
When I can't stand the noise	I start singing in my own language and I make loud noises	Your concentration span has reached its limit	One of the TA's takes you out on the roof terrace for five minutes
When I need something (e.i. water)	I take an opportunity to run as fast as I can	You enjoy exploring familiar areas and attention seeking	The fittest of the TA's would catch up with you and bring you back. You will have the biggest smile on your face if you have achieved your goal
During lesson time	I am laughing hysterically and spinning round	You are not comfortable working with unfamiliar staff	We let you work with a familiar face
During lesson time	I squeeze the staff's or students' arm, I spit or run around	You are either unhappy, unwell, or work is too hard	Staff will sit opposite you and talk to you calmly, repeating simple phrases like 'calm down Amir' or similar. We also change the activity to help you calm down
